

# Missouri Invasive Plant Council (MoIP)

## Membership Application Form

If you are interested in serving on the MoIP council, complete and submit this membership application. Members of the MoIP Governance Subgroup review applications several times a year.

To learn more about the Council, its purpose and objectives, and its membership, see <https://moinvasives.org/about/>.

**Member Entity Name:**

*Membership is composed of entities rather than individuals. Multiple individuals can represent the member and attend meetings.*

**Category:**

*The council strives for representation from a diversity of disciplines, including landscape industries, agriculture, ecology, academia, outdoor recreation, public and private land management, private landowner, and other fields.*

**Individual Representative Name:**

*Membership is composed of entities rather than individuals. Individuals represent the member and attend meetings.*

**Profession / Community Affiliation / Organization Affiliation:**

**If there will be an additional or alternate individual representative attending meetings, list additional name:**

*Multiple individuals can represent the member and attend meetings.*

**Experience With Invasive Plants:**

*Council members shall have pertinent experience in plant science and/or management or other experience, knowledge, or skills that are valuable to advance the purpose and objectives of the council.*

**Please explain why you want to be a MoIP Council Member and describe how you will contribute to the group:**

**Can you commit to attending quarterly meetings and committing an hour per month outside of quarterly meetings?**

Quarterly meetings are typically 4 hours held on weekdays, 10am-2pm in January, April, July, and October. MoIP strives to meet in person with a virtual option. *Any council member missing three consecutive meetings may be removed from the council.*

**Do you support MoIP's Mission and Vision Statements?**

**Vision Statement:** Missouri is committed to reducing the impact of invasive plants through early detection and control.

**Mission Statement:** To benefit Missouri, MoIP advances efforts to reduce the impact of invasive plants.
